**Part I: Research & Works Cited for SLM**

Conduct research using at least 3 sources based on one of the topics listed below that will be used to create a Macromedia Breeze Learning Module that will be viewed by the rest of the class. Include your research notes, works cited for your research and images, visuals, audio, etc that you will include in your Powerpoint.

**Part II: Powerpoint Student Learning Module**

The next step is to develop a Powerpoint of about 15-20 slides that effectively analyzes your topic. You may use music, video, primary documents, timelines, etc to enhance your presentation.

**Part III: Script for Narration of PPT**

Before you add the audio narration to the Powerpoint you will have your script approved. Please type your script in the “Notes” section below your slides in Powerpoint. When you are ready to record your audio use the Breeze Plug-in to Import Notes and record your narration.
